

IDCN Chapter Update

IDCN regrets to inform the closing of Los Angeles and Stockholm chapter. As for the IDCN to sustain any location minimum of between four and six corporate members who want to support their expatriate partner members is required.

Despite the best efforts of everyone involved we are unable to run the network with so few corporate members.

After considering entire scenario and discussing with all the local corporate members. The IDCN Executive Board has reached to the conclusion to close these chapters.

We would like to thank all the corporate members and IDCN member spouses for the support and wish them good luck!

Latifa TALEB-SERRE

IDCN President
